Sage 100 Customer Portal by CIMcloud

cimcloud
ECOMMERCE + CRM + YOUR ERP
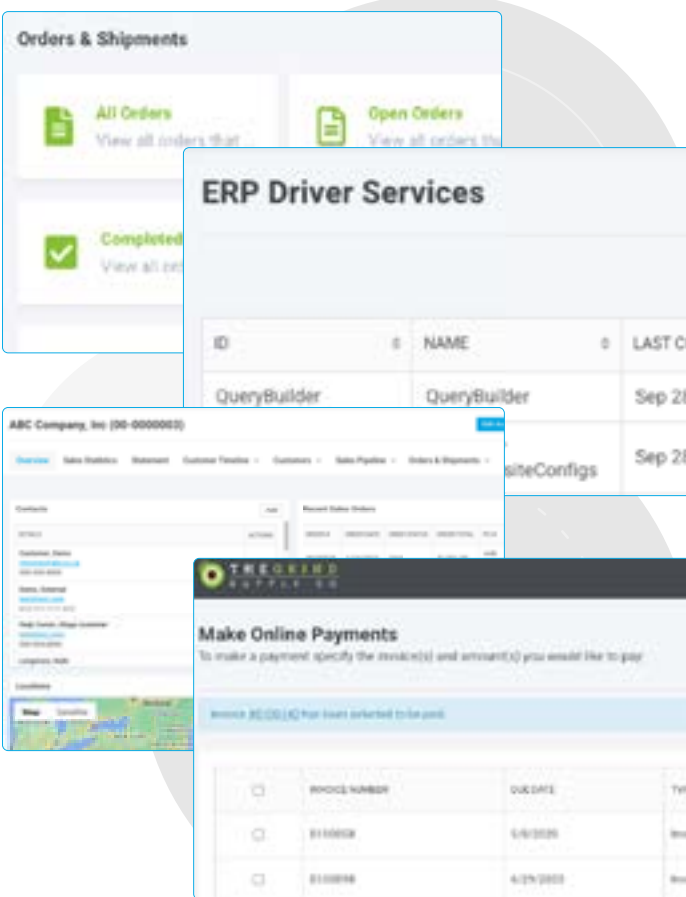

EXCLUSIVE OFFERING NOW AVAILABLE ON SAGE 100 PRICE LIST

The CIMcloud platform offers your customers a more frictionless self-service experience, allowing them online access to review orders, shipments and invoices and make online payments. It also provides your employees the ability to obtain a complete view of your customer's interactions with your organization.

Offering the industry's only out-of-the-box Sage 100 integration, CIMcloud leverages your existing ERP data, allowing you to benefit from the CIMcloud platform while minimizing disruptions to your business.

Benefits

Improves Customer Experience

Delivers the self-service experience and online payment options your customers expect in today's environment.

Keeps Employees In The Know

Provides employees the ability to obtain a complete view of your customer's interactions with your organization.

Designed For B2B

CIMcloud is the only major platform with an out-of-the-box integration built for B2B.

Grows With Your Busines

Expand the Customer Portal to include optional B2B ecommerce portals, B2C web stores, expanded CRM-style sales enablement tools, content management tools and product information tools.
